## Annual Meeting Update

At our annual meeting on January 24, 2010, we discussed many of our goals for the coming year. Some of those include designing/installing a parking area next to the historical marker, printing a new brochure, building a ramp at the front door of the chapel to make it handicap accessible, re-landscape the front of the hall, to create a way to permanently display the graduation photos in the museum and expand our playground.

If you have time and talent to share and would like to help with any of these projects give us a call-we would love your assistance.

## THANK YOU!

A Special thank you goes out to Roger Woelfel for bringing his big lawnmower up to cut the park lawn last summer. Do you enjoy cutting lawn? We have the mower for you to use, just contact any board member if you would like to help this coming summer.

In addition, thanks go to Joe Heimann for doing the snow removal this past winter at the park.
