

St. Martin Heritage Park Charlestown, Inc. Quarterly Newsletter Winter 2011

2011 Dedication Ceremony

It was a rainy day on September 25 as we honored all the new memorials and contributions to the park in the past year. It is so wonderful each year to be able to acknowledge the generosity that is bestowed to this organization. Thanks to all of you that continue to support us with your time, talents and financial contributions!

We've gone 100% Green

We were so pleased with the reduced heating cost and air conditioning available when geothermal was installed in the Chapel that we have had it installed in the hall also. Thanks to the donation of a re-furbished water furnace unit from Advanced Custom Geothermal (all we had to pay for was the installation) we now have geothermal in the community hall as well as in-floor radiant heat for the kitchen. Thank you to Don Pfister for donating his time and equipment to dig the "loop field".

Red Star Express Holiday Concert

As you can see from the photo above the Chapel was looking wonderfully festive on December 3rd as we filled it for the second year to hear Red Star Express perform. So many wonderful comments were heard from those in attendance as well as the band. The band stated this is one of the most enjoyable concerts they do. If you weren't able to see them this year, don't worry we already have them booked for December 1, 2012. Hope you can make it.

~Some changes have been made to our rental contract so check out our website StMartinHeritagPark.org or contact us by email at Info@StMartinHeritagePark.org as we welcome your ideas and comments!

Wishing you the most Joyous Christmas and Wonderful New Year!
